Should the Group be unable to achieve the above-mentioned plans and measures, the Group may be unable to continue to operate as a going concern, in which case adjustments would have to be made to adjust the values of the Group's assets to their recoverable amounts, to provide for any further liabilities which might arise and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in these consolidated financial statements.

The financial information relating to the years ended 31 December 2022 and 2021 included in this PWĀP9GSW@FRQVPÀG0QP•VPen-GBAČWQGPE FWHGLQPVPT€

The nature and the impact of the revised HKFRSs are described below:

(a) Amendments to HKFRS 3 replace a reference to the previous *Framework for the Preparation and Presentation of Financial Statements* with a reference to *the Conceptual Framework for Financial Reporting* ("**Conceptual Framework**") issued in June 2018 without significantly changing its requirements. The amendments also add to HKFRS 3 an exception to its recognition principle for an entity to refer to the Conceptual Framework to determine what constitutes an asset or a liability. The exception specifies that, for liabilities and contingent liabilities that would be within the scope of HKAS 37 or HK(IFRIC)-Int 21 if they were incurred separately rather than assumed in a business combination, an entity applying HKFRS 3 should refer to HKAS 37 or HK(IFRIC)-Int 21 respectively instead of the Conceptual Framework. Furthermore, the amendments clarify that contingent assets do not qualify for recognition at the acquisition date. The Group has applied the amendments prospectively to business combinations that occurred on or after 1 January 2022. As there were no contingent assets, liabilities and contingent liabilities within the scope of the amendments arising in the business combination that occurred during the period, the amendments did not have any impact on the financial position and performance of the Group.

(b) Amendments to HKAS 16 prohibit an entity from deducting from the cost of an item of

(d) Annual Improvements to HKFRSs 2018-2020 sets out amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41. Details of the amendments that are applicable to the Group are as follows:

- HKFRS 9 Financial Instruments: clarifes the fees that an entity includes when assessing whether the terms of a new or modified financial liability are substantially different from the terms of the original financial liability. These fees include only those paid or received between the borrower and the lender, including fees paid or received by either the borrower or lender on the other's behalf. The Group has applied the amendment prospectively to fnancial liabilities that are modifed or exchanged on or after 1 January 2022. As there was no modifcation of the Group's fnancial liabilities during the period, the amendment did not have aq mha

Material uncertainty related to going concern

We draw attention to Note 2.1 to the consolidated financial statements which indicates notwithstanding that the Group had net current assets of approximately HK$2,426 million as at 31 December 2022, there are identified events or conditions that indicate the existence of a material

中海油氣(泰州)石化有限公司 (Zhong Hai You Qi (Taizhou) Petrochemical Company Limited*) ("**Zhong Hai You Qi**") is a joint venture of the Company, which is principally engaged in the crude oil processing business as well as the production and sale of petrochemical products. In addition to the technological modification exercises which have been carried out to upgrade its factories since 2019, Zhong Hai You Qi has also undertaken product development projects to improve its capabilities for the production of high-end petrochemical products. The Group has invested RMB505,000,000 (equivalent to approximately HK$565,510,000) in aggregate into a trust ("**NT Trust Scheme**") managed by 國民信託有限公司 (National Trust Co., Ltd.*), which holds a portfolio of limited liability partnerships investing in property development investments in Zhuozhou and Shenyang in the PRC. As at 31 December 2022, the carrying value of the NT Trust Scheme as measured at fair value through profit or loss, amounted to approximately HK$387,458,000 (31 December 2021: HK$460,235,000) and accounted for approximately 3.9% (31 December 2021: 4.0%) of the total assets of the Group. Out of the loss of approximately HK$166,108,000 (Year 2021: HK$102,689,000) recorded by the Group in the change in fair value of financial assets at fair value through profit or loss for Year 2022, a loss of approximately HK$35,309,000 (Year 2021: HK$110,618,000) was attributable to the fair value change of the NT Trust Scheme as at 31 December 2022. The Group did not receive any distribution from the NT Trust Scheme during Year 2022 (Year 2021: Nil). Based on the current investment strategy of the Group, its interest in the NT Trust Scheme is held for trading purpose and classified as a current asset in its consolidated statement of financial position.

The objective of the Group in relation to its investments in financial assets is to capture returns from the appreciation of the value of its investments and to receive income therefrom. The Board believes that the performance of the financial asset investments of the Group is dependent on the financial and operating performance of the investee companies and market sentiment, which are affected by factors, such as interest rate movements, national policies, and the performance of the major economies. The Group will continue to adopt prudent investment principles, closely monitor the performance of its investment portfolio, and readjust its investment strategies as and when appropriate. In response to the potential market volatility and economic downturns, the Group has accelerated the realisation of its mature investments while reducing the proportion of its medium and long-term investments to improve its liquidity position.

Property Leasing

The rental income from the Group's property leasing business amounted to approximately HK$96,884,000 for Year 2022, representing an increase of approximately 10.9% from that of approximately HK$87,376,000 for Year 2021. Such revenue was mainly derived from the leasing of East Gate Plaza, an investment property of the Group located in Beijing, China, which is comprised of a residential section and a commercial section. The increase in the Group's rental income for Year 2022 was mainly caused by the increase in the average occupancy rate of East Gate Plaza from approximately 80% for Year 2021 to approximately 82% for Year 2022, as a result of the following factors: (1) the property operation team of the Group had actively recruited new tenants for the vacant areas in East Gate Plaza and retained its existing tenants while making adjustments to its marketing strategies and adopting a number of flexible leasing policies during the year under review; and (2) the Group had made continuous improvements to the quality of its rental service and the standard of its property management during the year under review so as to stabilise its rental rates.
